

DEVELOPMENT OF THREE (3) TOURIST ECOPARKS

Intervention Zone Toubacouta / Soucoute (SINE SALOUM) - SAINT-LOUIS - EASTERN SENEGAL

Description of the Project

It is about meeting the expectations of a new eco-responsible clientele and involving local communities in the integration of this ecological dynamic which makes it possible to conserve heritage, create jobs, generate more income, and above all, fight against the scourges of exodus and illegal migration. Indeed, this innovative project will allow the development of a new integrated and sustainable tourist offer. It will be built as a bulwark to combat the threats suffered by vulnerable sites.

Expected impact

- job creation and poverty reduction
- fight against exodus and migration,
- women empowerment ,
- implementation of a sustainable and duplicable model of tourism promotion:
- conservation and preservation of the ecosystem
- income generation for local communities
- promotion of local crafts
- Opening up territories through development
- of infrastructure
