

Modernization Project of the Religious Cities of Gae, Halwaar, Boulel, Diacksao and Fass Toure

Intervention Zone

Saint Louis, Louga, Kaffrine and Thiès.

Description of the Project

The project consists of significantly strengthening the productive base of the religious towns of Gae, Halwaar, Boulel, Diacksao and Fass Touré.

For this purpose, it is planned:

- to develop 4,290 ha of new areas;
- to rehabilitate 609 ha of first generation PIV, which had reached fairly advanced levels of degradation;
- to create and rehabilitate 450 km of production tracks;
- to reprofile and clean the Diadélo adductor, with the aim of irrigating more than 1,000 ha;
- to strengthen and consolidate mechanization by providing agricultural equipment and spare parts;
- to build storage infrastructure;
- to build 13 agropastoral farms with an area of 10 ha each;
- to set up 6 fish farms of 2.5 ha each.

Furthermore, it will also help improve the living conditions of the populations of these cities through:
the construction of educational infrastructure;
the modernization of places of worship;
road construction.

- Facilitating access to water for irrigation, thereby improving yields;
- Strengthening agricultural equipment, increasing farm
