

The logo for 'Sénégal 2050' features the word 'Sénégal' in a dark blue serif font, followed by '2050' in a stylized font where the '0' is a large, colorful circle with segments in yellow, green, and red.

Sénégal 2050

Projects

Transport sector

The Senegalese Government has placed infrastructure at the heart of its development agenda through the structuring of megaprojects in the transport, mass transport systems and logistics sectors. Investment opportunities include transport infrastructure, logistics, transport services, maritime and air transport, road construction and the development of intelligent transport systems. Investments in this sector will promote connectivity, trade, job creation, opening up and economic development.
