

Construction of the aeronautical maintenance center (MRO): Phase 1

Intervention Zone Diass AIBD

Description of the Project Creation of an MRO center adapted for complete maintenance (from check A to check D) for Air Senegal and other foreign companies. Have a center close to the necessary infrastructure and sized to meet the needs of Air Senegal

Expected impact

- ❖ Ensure local maintenance of the national airline fleet with an MRO capable of accommodating one Code E aircraft (type A330/B777) or two (2) Code C aircraft (type A320/B737)
- ❖ 300 jobs are created
- ❖ Contribute to the creation of a real air hub in Senegal
